METAL Y-PIECE FITTING YP

PRODUCT DESCRIPTION AND APPLICATION

Airfoil's Y-Piece Duct Fitting (YP), proudly Australian Made, are meticulously crafted from premium 0.55mm Australian Galvanised sheet metal and come standard with insulation.

The Y-Piece (YP) is designed for attaching flexible ducts, ensuring the efficient delivery of supply and return air according to specific configuration plans.

Available in various duct diameter spigot sizes, this versatile Y-Piece Duct Fitting is perfect for balancing and distributing airflow within any building. The YP is also available with optional manual metal Volume Control Damper Blade (VCB), offering direct control to air flow.

Suited for both commercial and domestic environments where thermal and acoustic considerations are vital, it stands as a testament to Airfoil's commitment to providing top-quality Sheet Metal solutions.
